CONGRESS CONSIDERS MOMENTOUS THINGS

Special Session Considering Farm Relief and Debenture Feature. Many Say Measure, If Passed, Would Mean Step toward Socialism—Manufacturers Enjoy Tariff Bounty Averaging 55.3%, Highest in History—Prohibition Enforcement Discussed—Rum Runner Turns Loose Smoke Screen.

Washington, D. C., April 30, 1929.

Congress is in session. The eyes of the Nation are looking Washington-ward perhaps more keenly than for a long while. Doubtless no peace time question ever aroused greater interest than that of "farm relief" which the farmers, particularly those of the west, have been making much noise about or several years.

It seems that the farmers of the South are in just as bad a fix as those of the west, many say even worse, but they have failed to make voices of protest so loud as their fellow farmers out west.

One hears it stated that one of the main reasons why almost every interest is watching congress on the farm relief proposition is because the saner thinkers realize that what is done with, or for, the farmer sets a precedent that may start this country on the road to socialism of the rankest kind. Others are watching, it is being said, for the reason they hope to have congress do for them all or more maybe than it does for the farmers.

Those opposed to a protective tariff say that the talk of socialism finds its beginning with the big interests which are enjoying the highest tariff that was ever placed on the country. The average tariff tax today is 55.3 per cent, which means before our people can buy manufactured products that carry a tariff tax, they must pay into the pockets of the manufacturer what it costs to buy this same article abroad plus 55.3 per cent. Those who are backing some sort of help for the farmers say that manufacturers have no right to butt in on the farm relief measures for the reason that they are getting now in a tariff bounty more, far more, and have been for many years, than the farmer possibly can under any farm relief measure thus far proposed.

President Hoover has come out strongly against the debenture feature which some senators of the west are trying to get in the farm relief measure now before the senate. The debenture feature provides, for instance, that the farmer who has wheat which he cannot sell at satisfactory prices, may get one half of the tariff levied on imported wheat, which is 42 cents per bushel, and use that 21 cents per bushel to pay his debts or for any other purpose. There is a wide divergence of views as to the effect of any kind of a debenture law. It is manifest that the congress is in the wilderness on the farm proposition. There are plenty of would be Moses, but only the "Moses" themselves believe this.

The question of prohibition and

(Continued on page 8)

HOLCOMB LADY DIES IN OKLAHOMA

Mrs. Madora Ingole Fonville, wife of A. J. Fonville of Holcomb, Miss., died Thursday morning at the home of her daughter, Mrs. W. N. Morgan, Jr., 901 Bixby Avenue.

The funeral will be held Saturday afternoon at 3 o'clock from Harvey Bros. chapel, followed by burial at Rose Hill cemetery.

Mrs. Morgan went to Mississippi six weeks ago to be with her mother. She returned last Saturday with her mother and father, thinking the change would be of benefit to Mrs. Fonville, who had been ill practically all winter.

Mrs. Fonville was well known in Ardmore having visited her children here frequently. She was born March 3, 1860 at Lexington, Miss., and was married March 18, 1878. Celebration of the golden wedding anniversary of the couple was the occasion of a homecoming of the children last spring.

Besides her husband Mrs. Fonville is survived by the following sons and daughters: Mrs. W. N. Morgan, Jr., Howard Fonville and Peter Fonville, all of Ardmore; A. A. Fonville and Aubrey Fonville of Gary, Ind., and Vernon Fonville, of Holcomb, Miss.

Among the other relatives are three sisters: Mrs. Abe Sheppard, Lexington, Miss.; Mrs. Mary Tyson, Eulogy, Miss.; and Mrs. J. W. Shannon of Inverness, Miss.; two brothers, Peter Ingold, Lexington, and Oscar Ingold of Belzonia, Miss., and five grandchildren.

Mrs. Fonville had been a member of the Methodist church since early girlhood. The funeral service will be conducted by Dr. R. E. L. Morgan, pastor of the First Methodist church.—Oklahoma Daily Admonte.

The Sentinel joins in sympathy for the bereft loved ones.

UNDERWOOD-PROVINE COMMUNICATION

(An Editorial)

A communication dealing with the question of building hard surfaced roads by Mr. Edgar Underwood and Hon. J. N. Provine appears in this issue. It came in late, otherwise this editorial would have appeared on the editorial page.

Mr. Underwood is one of Grenada's most careful and most thoughtful business men. Hon. J. N. Provine is one of the county's most substantial citizens and is serving in the lower house of the Mississippi legislature. He is a member of the highway committee and has therefore been in a position to look at the road situation from every angle.

We have not undertaken to verify the figures these gentlemen submit but we take it for granted that they are correct. If so, they furnish abundant proof of the necessity of moving cautiously in road laws. The figures are most certainly a rebuke to those who would just write a blank check and turn it over to those who have been jumping up and down in their tracks about hard surfaced roads.

The data submitted by Messrs. Underwood and Provine, if correct, show that somebody has been either wilfully or ignorantly bamboozling the public about road mileage and the cost of road upkeep.

Another thing these gentlemen emphasize is the necessity of naming the lines of highways by the legislature. In short, they would not give the highway commission carte blanche as to the routes and road beds.

But the data used aside, The Sentinel gives its cordial approval to the general policy outlined by these gentlemen.

MOTHER'S DAY PROGRAM SUNDAY, MAY TWELFTH

The Grenada College choir will present a song and story cantata at the Grenada Methodist Church on Mother's Day, May 12th, at eleven o'clock in the morning. The choir consists of thirty-three voices under the direction of Miss Iona May Liller, who is director of music at the college. The program will be given in story and song form and is an appreciation of Mother, entitled "The Home Life Beautiful".

The entire eleven o'clock hour will be devoted to the program. All church, college and Grenada friends at large are cordially invited to be present and worship together in this appreciation service dedicated to mothers.

All Weather Signs Failing This Year

1929 Weather Does Not Come Up to Usual Legendary Omens—Rainfall for Four Months of 1929 Less Than Same Period in 1928—Seasons Appear to Be Later.

All signs for an early spring this year seem to have failed. The ground hog, according to legend, could not appear on the second day of February on account of the weather, hence there was no sunshine at midday, therefore the supposed assurance of an early spring. Then it has been said for ages that an early Easter meant an early spring, but even that went awry this year. Easter came this year March 31, or nearly four weeks earlier than it does in some years.

According to the idea of some, which has been handed down for generations, the twelve day period beginning with Christmas is a fair test of the weather as to rain or lack or rain for the following year. This "sign", too, missed the mark so far for 1929 weather. These twelve days were mostly sunshine. But the first four months of 1929 have had a rainfall of just 1.3 inches below 1928 for the same period and the first four months of last year were above the average in the amount of rain.

There have been 34 days of rain in the months of January, February, March and April, divided, as to months as follows: 6 in January, 9 in February, 9 in March and 10 in April.

The total rainfall by months for this year has been; January 4 inches; February, 2.75 inches; March, 5.14 inches and April, 4.87; or a grand total for the four months 16.76 inches. For the same period in 1928, the total rainfall was 18.06 inches.

It appears that the seasons are growing later. It has been a number of years since there was a real early spring. Something a little more than a quarter of a century ago, the farmer who did not get the greater part of his corn planted in March regarded himself as "behind". In those years, almost every farmer began planting cotton on or by April 5, and unless he could finish planting cotton by April 25, he considered himself in ill luck.

Almost every year for nearly or quite fifteen years, the seasons have been late and farm work has been at least two weeks late. When corn was planted in March, the farmer was able to begin "laying by" his corn in the latter part of May. For almost twenty years, corn has scarcely been more than knee high in May, and those who have been able to begin "laying by" even by June 15, have considered themselves fortunate.

There can hardly be any debate about early corn making a better yield and the same thing may be said of early cotton. When the seasons are considered in connection with the farmer's economic troubles, it appears that he is in the middle of a bad fix, particularly if he owes anybody.

AUTOMOBILE AUCTION SET FOR TWO DAYS NEXT WEEK

According to an announcement appearing on page 3 of this week's Sentinel, a great auction of automobiles will be held by the Grenada Auto Co., one of the leading automobile firms in this section of the country. The sales will be held twice daily, at 3:00 and 7:30 o'clock, on Friday and Saturday, May 10th and 11th. The auction will be held in the company's used car department on Green Street, fronting west just north of the Grenada Theatre. At each auction, a 50-gallon gasoline coupon book will be given away absolutely free to someone who attends the sale. Four coupon books will be given away, one at each sale.

This should provide an excellent opportunity to pick up a good used car at a bargain as the Grenada Auto Co. states that it intends to sell every one of the cars listed, regardless of price. There are always occasions in almost everyone's life when he feels that he would like to have a used car to "knockabout" in—to drive in bad weather or over roads on which he would dislike to take his new car. Then, too, conditions of the present day seem to demand two cars to the family; in fact, statistics show that thousands of families own two or more cars. It would seem that at a used car auction would be the best place in the world to fill that need for the second car.

Every car offered is guaranteed to be exactly as represented and a long rcord of service to the public on the part of the Grenada Auto Co. stands back of this guarantee.

Those interested should call at the Grenada Auto Co. now or at any time before the auctions and have the cars demonstrated. Pick out the car you want and be on hand when it is offered.

The Sentinel urges its readers to study the Grenada Auto Co's. advertisement.

ROTARY HEARS QUARTETTE

A quartette from Grenada College, composed of Misses Hogan, O'Reilly, Pepple and Hardin, under the direction of Miss Iona May Liller, head of the music department, entertained the Grenada Rotary Club at its Tuesday meeting with the rendition of a number of selections. These young ladies have appeared before the club on former occasions and their programs are always pleasing.

Fred Lickfold, baby member of the club, was called upon for a few remarks but he was prevented from delivering the address he had prepared for the occasion by the loud acclaim which greeted him when he arose.

It was announced that the Mississippi Railroad Commission had acted favorably on the petition of Grenada telephone subscribers to change the system now used here to the flashlight or common battery system. The petition was signed by more than 70% of the local subscribers. Telephone company engineers have been on the ground making a preliminary survey and it is stated that the change will be effected within eighteen months.

FREE MOVING PICTURES AT COURTHOUSE SATURDAY

Tomorrow evening, Saturday, May 4, at eight o'clock, free moving pictures of a moose hunt, a turkey hunt and a quail hunt will be shown at the courthouse in Grenada under the auspices of the Grenada chapter of the Izaak Walton League. The pictures are of such a nature that they will interest every true sportsman and lover of the outdoors. One who loves hunting is bound to thrill at the scenes in the various hunts shown and much of information even to the seasoned hunter will be shown.

The local chapter of the Izaak Walton League is anxious for a packed audience tomorrow evening. No admission whatever will be charged.

TALKING PICTURES TO OPEN HERE NEXT WEEK

Grenada Theatre Goes to Great Expense to Secure Vitaphone Equipment for Entertainment of Theatre goers of Grenada and Surrounding Territory—Theatre Being Made Ready for Installation and First Presentation of Talking Movies to Be Announced for Opening Day Next Week.

One of the most significant events in the history of motion pictures will occur next week when the Grenada Theatre introduces to this city the marvel and wonder of this scientific age, Vitaphone talking pictures.

First shown in August, 1926, in New York City, Vitaphone created a furor in the theatrical and scientific world. For years science had been trying to synchronize the speech and actions of characters upon a screen and it was not until the scientists of the Bell Telephone Company and the Western Electric Company discovered the secret about three years ago that the invention was accomplished. At its debut in New York City, Vitaphone was exhibited to one of the most distinguished audiences ever to be grouped inside a theatre. People were astonished and scientific minds were amazed when Will Hays, the head of the motion picture industry, appeared on the screen and actually spoke. At the end of his brief speech there were salvos of cheers. Vitaphone was a reality. New York had seen and believed.

Now in its second year of existence, Vitaphone has been accepted by all the leading cities of the country. Philadelphia, Chicago, Boston, Los Angeles, San Francisco, Detroit, Atlanta; Portland, Cleveland and Buffalo have signified their approval of this marvelous device in a manner that is unquestionable. Thousands upon thousands have been flocking through the doors of theatres in these cities to glimpse the wonder of the world. And the interest is unflagging.

Like the silent motion picture itself, Vitaphone has been sought eagerly.

Spreading over the country with the rapidity of wildfire Vitaphone has, within two years, been installed in 750 theatres throughout the United States. Conservative estimates have placed future installations at a mark that is almost unbelievable. To some, however, this is no wonder, for Vitaphone has proved to be a universal delight. No section of the United States preponderates in the number of theatres using the Vitaphone. North, South, East and West are equally desirous of listening to and seeing characters talk upon a screen, that was hitherto as silent as the proverbial Sphinx.

The Grenada Theatre feels a pardonable pride in announcing the debut of Vitaphone in Grenada. After weeks of preliminary work required to fit the theatre for the installation, the day is now near when the management can present the invention to the public. Nothing the Grenada Theatre has ever done, it feels, can match this feat of obtaining the Vitaphone. Secured at a great expense, the Vitaphone, it believes, is here to transform the mode of entertainment, but more particularly, to make more enjoyable the hours that are spent in the motion picture theatre.

Audiences at the Grenada Theatre will be able to see and hear the great personalities of the stage, motion picture and the opera through Vitaphone. It was after many months of research and exhibition of devices to make talking pictures that the management of the Grenada Theatre decided to choose Vitaphone as the only way to see and hear a perfect reproduction of the voice and actions of a character upon the screen.

Watch for positive opening date.

BOWERS QUOTES PRICES

In The Sentinel this week appears another advertisement of the Bowers Stores, the organization that has made famous the slogan, "You Won't Get Bit If You Buy of Mr. Bowers." In this week's advertisement, under the caption, "Better Foods For Less", this store tells you that it tries at all times to give all it can for the money instead of getting all it can for what it gives. Bargain prices are offered every day in the week, according to the advertisement.

The Sentinel urges its readers to study the prices in the Bowers ad and to give careful consideration to what is told them in the space used.

CHAUTAUQUA ANNOUNCEMENT

The committee will deliver Chautauqua tickets Tuesday, May 7th. If you promised to take tickets please be ready when the committtee calls. This will save much work and we will appreciate your co-operation.

Chautauqua Committee.

Two Local Citizens Give Figures In Discussion Of Permanent Roads

Messrs. Underwood and Provine Submit Some Startling Figures that Should Open Wide the Eyes of Public—Show What Has Been Spent and Cost Per Mile Upkeep—Favor Electing Commissioners and Insist that Any Law Passed Should Name Lines of Highway—Think Great Waste Not to Use Present Gravelled Road Beds for Concrete Road Building.

Editor Sentinel:

As indicated by the Governor, an extraordinary session of the legislature will be called in the near future. The main purpose, as we understand, is to pass legislation for the building of hard surfaced roads. As this is the predominant issue before the people of Mississippi which will entail the largest expenditure of money that has ever been undertaken in the state it should be of vital interest to every citizen. The time has arrived that an honest, courageous expression should be forthcoming from the people in order that they may have a just reason for advocacy of certain plans, bonds or pay as you go.

Therefore, we present to you for your consideration facts taken from the biennial report of the Highway Commission of August 1st, 1927.

The present commission has been functioning now about fourteen years in conjunction with United States Good Roads Bureau, boards of supervisors of the several countries and the people of the road districts. These men are trained in road construction and are men of long, practical experience in laying out and designating a state system of roads.

These forces working in unison could not be far short of right in laying out roads.

This biennial report shows 1293.8 miles of completed primary Federal aid projects and under construction, 417.2 miles of same character of roads, with the federal allotment apportioned. Granting these roads are now completed we have only 1711 miles primary, or first class, roads in the state system.

The report further shows 1600 miles of secondary gravelled roads; 525 miles of sand and clay roads, which totals 3836 miles of primary and secondary state system roads. The Federal government has paid into the state highway department during the existence of same, the sum of $13,645,000.00. This sum was matched by the various counties, making a total of $27,290,000.00, which makes our roads cost approximately $15,950.00 per mile.

In classifying roads as to cost of maintenance and upkeep, we have 298 miles concrete, brick and asphalt roads, 1600 miles secondary gravelled roads, 525 miles sand and clay roads, making a total of 2423 miles, which at a reasonable estimate should be maintained at $200.00 per mile, or a total cost of $484,600.00 per year.

The above figures do not include 417.2 miles of road that were under construction at time of report, which does not bear a maintenance cost, making a total of 2840.2 miles of this class of roads as described above, that is 2840.2 miles from the grand total of 3836 miles of roads, leaving 995.8 miles of first class, or primary gravelled roads, bearing an estimated cost of approximately $1150.00 per mile maintenance.

These figures are compiled that the taxpayer may readily see the enormous cost of maintaining the ordinary gravelled road—hence the reason for urging the building of concrete roads, which eliminates such a heavy expense of upkeep.

We invite your views as to the following road legislation and program, believing a bill should be framed that would safeguard the already heavy burdened tax payer wherein said concrete roads can be built without a bond issue, thereby using present road beds except where necessary to eliminate dangerous curves or railroad crossings. However, we might state that we are of the opinion that it would be a criminal waste of money and an added burden to disregard the present road beds.

We believe a road commission composed of three members should be elected by the people, the powers of said commission to be specifically dsignated by action of the legislature.

An audit should be made every six months.

A two thousand mile road program should be laid out or designated for a period of five years, composed of the present primary or first class roads and the secondary roads, that is the three main highways running north and south—No. 51, No. 61 and No. 45 and also No. 78 from the Tennessee line to Fulton, Miss.

Five cross state roads, one from Aberdeen via Grenada to Cleveland; one from Macon via Durant to Belzoni; one from Meridian via Jackson to Vicksburg; one from Waynesboro via Collins, Brookhaven to Natchez; one from Lucedale via Wiggins to Poplarville.

These roads as designated will make a road system of about 1750 miles. Deducting present concrete

(Continued on page 8)

Gore Springs School Will Close May 17th

Patrons Exhibit Fine Spirit toward School—School Receives State Recognition. Commencement Exercises Begin Sunday, May 12, with Sermon by Pastor.

The Gore Springs school is nearing the close of a very successful session. The school has grown continuously for the past five years and the standard of work has improved greatly. This is the first session that twelve grades have been offered, and the community is to be congratulated for its splendid support. The patrons have always responded liberally when called upon for additional financial support. They believe in good schools and other progressive measures of public interest. There are few schools in the state the size of Gore Springs that do as high quality of work as it does. For several years the school has received state recognition for the work offered and will receive higher recognition this session than formerly. The officials are expecting it to be placed on the fully accredited list this spring.

The commencement exercises will begin at eight o'clock Sunday evening, May 12, and run through the following week. On Sunday evening Reverend J. H. Holder, pastor of the Methodist church of Grenada, will preach the sermon. At eight o'clock Wednesday evening a program will be given by the elementary grades, directed by Mrs. O. D. Spratlin, Miss Cora Mae Townsend, and Miss Pearl Chisholm. Thursday evening the seniors will present their play, "Why Not Jerry". Friday evening at eight o'clock Superintendent W. F. Bond will deliver the baccalaureate address, and diplomas will be awarded to the graduates. The senior class is composed of the following students: Gaines W. Moore, Frank T. Moore, Edith Lamon, David L. Haile, and Malcolm B. Rook.

DR. CLARK RENEWS

Dr. J. S. Clark, now at St. Joseph, Missouri, in renewing his subscription to The Sentinel a few days ago, expressed his appreciation of the paper and of his love for Grenada and how he yearned to be back here again. Dr. Clark made many friends during his residence in Grenada and sincere regret was felt when he was removed by those who have to do with the veterinarians of the agricultural department.

PHOENIX, ARIZONA MAN WRITES OF SENTINEL

The Sentinel received this week a check from Mr. Read Purnell, Phoenix, Arizona, for the renewal of his subscription. With the check, he sent a note expressing his appreciation of The Sentinel. The older citizens of the community remember that Mr. Purnell was reared in the western portion of this county, being a son of Tom Purnell.

ATTENTION KNIGHTS TEMPLAR

Yalobusha Commandery, No. 28, K. T., will hold regular convocation Monday, May 6th, 7:30 p. m., for balloting on candidates.

T. E. MOODY, Recorder.

CAUTIONS AGAINST FIRE

According to statistics there were 158,000 forest fires in the United States during 1927, causing an aggregate damage of thirty-three million dollars. The majority of these fires were started from carelessness.

The local chapter of the Izaak Walton League is doing everything in its power to prevent losses in Grenada county from forest fires. Thousands of dollars damage was done in the county last fall by fires.

Be careful with your matches and cigarettes so that you may not be one to start such a conflagration. Think of the farmer. A fire, carelessly started, might burn his home and injure someone near and dear to him. Help us protect the farmer's property so that he will always welcome us to hunt and fish on his property. Treat him as your friend and you will find that he will be more than appreciative.

We invite you to join us and to help us in guarding against forest destruction.

Respectfully,
Grenada Chapter Izaak Walton League

CONTRACT IS SIGNED FOR OVERALL PLANT

Representative of Company Here This Week and Terms Finally Agreed to—Work of Remodeling Building, Old Potato Plant, to Begin Immediately and Operations Expected to Begin June 1st—J. T. Thomas Instrumental in Securing Plant. $25,000 Stock Subscribed Locally.

After many weeks of delay in discussions over various clauses in the contract and over different paragraphs in the by-laws, an agreement was reached Wednesday afternoon between a committee of local business men and a representative of the Chicago Jobbing House whereby Grenada is to have the much-discussed overall factory. The contract has been duly executed and the by-laws have been perfected and it is hoped to have the factory in operation on or before the first of June.

Work is to begin immediately on remodeling the building to be used by the manufacturers, the building on North Main Street adjoining the Y. & M. V. right of way, known as the old potato curing plant.

Local citizens have subscribed to $25,000 of the preferred stock of the concern and are to have two of the five members on the board of directors. It is understood that the terms agreed to were designed to give the best possible protection to the amount pledged by local subscribers.

The concern, it is stated, will employ from 40 to 50 girls when operations begin and it is thought that little difficulty will be experienced in securing plenty of workers.

To Mr. J. T. Thomas primarily belongs the credit for getting in touch with these overall manufacturers and to him, in a very large measure, belongs the credit for the stock subscribed by Grenada citizens.

It is fair to assume that the proper investigation was made as to the stability and dependability of the owners of the Chicago plant by those taking the lead in securing it for Grenada.

Now that one long coveted, much discussed and long hoped for manufacturing enterprise has cast its lot with Grenada, let it be hoped that this is but the forerunner of others even larger. There is much discussion among manufacturers in those sections where most of them have been located for more than a half century about coming South. There are many reasons, it is known, for the desire to come southward. There is no better place in the South than Grenada for them to make their homes. Ten thousand people for Grenada by 1935 is a goal that every Grenadian should strive to reach.

CLARKSDALE LADY IS SHOT TO DEATH

Clarksdale, April 29.—A mysterious shooting occurred here late yesterday afternoon, Mrs. Elizabeth Sturdivant, young matron of 23, wife of Ben Sturdivant, prominent planter of Glendora, being found shot to death at the home of her parents, Mr. and Mrs. E. P. Peacock, in this city, about 9 o'clock last night.

She shot herself with a gun that her husband had left her earlier in the day when she complained that she was afraid to sleep in the downstairs room of her parents' home. Mrs. Sturdivant had been ill for the last 10 days. She was found in a dying condition by her nurse who rushed in at the sound of the shot.

Her parents discounted any theory that she had committed suicide as she was in the best of spirits after her husband's visit earlier in the evening.

Mrs. Sturdivant had been living in Glendora since her marriage, but returned to her home when she became ill. She was prominent socially throughout the delta and was widely known in Memphis. Her father is president of the Bank of Clarksdale.

Besides her husband and parents, she is survived by an infant daughter, two months old and a son, Mike, 3; two sisters and one brother, who lives here.

Note: Mrs. Sturdivant was a daughter of Mr. and Mrs. Edward Peacock. Mr. Peacock was born and reared in Grenada and is one of the many fine men who have gone out from here. He married after taking up his residence in Clarksdale. The deepest sympathy of Mr. Peacock's many old friends in Grenada go out to him and his good wife in this sad hour.

OPENS NOVELTY SHOP

Miss Mattie Cook has recently opened The Novelty Shop on First Street in the building formerly occupied by The Elise Shop. She carries a line of ladies' and children's ready to wear and costume jewelry and will be glad to receive calls from her friends at any time.

SPECIAL LEGISLATIVE SESSION AND ROADS.

Press reports from Jackson state that Gov. Bilbo is going to call another session of the legislature mainly to consider the building of permanent highways.

We rather suspect that the Governor has some other things in his noodle which he wants the legislature to do. Our guess is that the Governor expects to have some fun out of the reports of at least one or more of the investigating committees which have been functioning at sundry times since the adjournment of the last special session.

We hope that an agreement will be reached on a permanent road building program which the state is able to sponsor and which will promote the general welfare.

If we were going to advise the Governor we would tell him to make up his mind now to sign a highway bill that will provide for the election of the highway commissioners by a vote of the people. In stating this, we believe we properly interpret the mind of a majority of the lawmakers. If this is done, we feel confident that there will be considerable liberalizing among those who have hit the Governor when he has hit them—and it has been a case of tit for tat.

Among the many important features that should be written into any highway law is one that designates the lines of highway that should be the first to claim attention, and in this same connection, it ought to be provided that the whims and caprices of engineers should not materially change present graveled road lines.

In some places, the curves in roads are so abrupt and frequent as to remind one of a snake's track—of course these should come out.

HAVE NOT PUBLISHED BROWN'S COMMUNICATIONS.

Inasmuch as the weekly communications sent out from Jackson over the name of R. L. Brown, secretary of the Mississippi Press Association, have come in for more or less discussion by the newspapers of the state, and by some outside of the state, we deem it not amiss to state that we have not used Brown's letters, except in a few instances, and with a few exceptions, then only partially.

It has never suited us for a correspondent to repeatly use our space to give his views about men or measures. Editorial statements are peculiarly the province of the editor.

He who runs has been able to read in Mr. Brown's communications the attacks on the present administration and at the same time a clever, adroit laudation of the administration of the previous four years.

We hold no brief for the present administration, but in all sincerity we can say the same thing for its predecessor.

There are those among the most vociferous who are proclaiming against the present administration that ought to know—they have had ample opportunity to learn—that the blunders and the political righteousness claimed for its predecessor are responsible very largely for the existence of the present administration at all.

We grant that the administration of the affairs of state for the four years immediately preceding the present administration blundered mainly through utter ignorance of the fundamentals of statecraft and because of a lack of experience in dealing with those who never fail to linger around the flesh pots—too many Jacobs handed it the hairy hand of Esau.

We have not felt it quite right as a newspaper to use the intervention of an always kind Providence that removed a fine spirited, kindly natured, good man from a task he was by nature and by training and experience wholly unsuited to fill, to try to tar another man.

People, as a mass, are so forgetful and many of them are so busy with other things, that they never take the time from their own affairs to look in on the doings of state officials unless they want something for their locality, or an election comes on which arouses for the moment their dormant patriotism.

Many of Mr. Brown's weekly letters have contained some valuable matter, matter that it has been worth while for the people to know. Yet running through them all has been the subtle dagger aimed to place the present administration in the worst possible light, while virtues claimed for the preceding administration have been just as cleverly paraded.

And lurking in the background of all this has been the political aspirations for the next campaign of the gentleman who gave Brown whatever prominence he has. Brown is to be commended for his persistency in showing his gratitude whereby he holds a $3600. job which does not keep him any too busy.

We do not subscribe to the idea that because Brown chances to be on the state's pay roll that that should estop him from writing for the press or from criticising the present administration. Holding official position does not seem to have placed the fingers across the mouth of many others.

Furthermore, we have questioned the ethics and the propriety of one filling the place of secretary of the Mississippi Press Association constantly sowing the seeds of political discord. Men seem often to forget that they are making a record, history, that may rise in the days to come to embarrass and haunt them. Sometimes it happens that we are fed back out of the same spoon we used in dosing others.

We have nothing but a kindly feeling for Mr. Brown. These observations are made in all kindness to him. We believe we are speaking in the interest of the general welfare of the state.

THE DEBT PARLEY AT PARIS FAILS.

The Germans have been "beefing" for several years, or just as soon as she dared, after the signing of the treaty of Versailles. They have asserted that they were not able to pay the penalties imposed by the treaty.

Then came the Dawes plan which softened the situation slightly for them. Yet they were not satisfied. So the present conference.

Owen D. Young and J. P. Morgan of this country went into conditions most carefully and fixed an amount that Germany should pay the Allies to run a period of 57 years. Germany counters and says she "can't", and offers a payment of $400,000,000 annually for 37 years, or practically half what the commission had fixed. So the commission is deadlocked on this point. Germany is forgetting seemingly that what she is now paying and the occupation of her territory by Allied soldiers is a heavier charge against her than what the commission has fixed.

The Allied countries, France, Britain, Belgium and Italy, et al, have declared that they are ready to cut Germany's debt provided the United States will cancel, or still further shave, the debt they owe this country. This declaration of the Allied nations is supposed by those looking behind the scenes to be the cause of Germany's adamant refusal to accept the commission's terms.

A pretty kettle of fish the Allies are putting up to this country. What they borrowed from the United States has no more to do with what Germany owes them than the winds of the Arctic have to do with mosquito bites in the delta.

The Allies almost begged this country for loans. Our people, all classes, ponied up the money for "Liberty Loan Bonds"—but echo is answering now, "liberty for what?".

The United States has already scaled shamefully the debts the Allies owe. The tax payers of this country will pay an annual interest charge of three hundred and twenty-two million dollars on the money borrowed and which was loaned the Allies and which has been cancelled. The time given to pay what still remains, is 62 years.

The people of America would be blamed slow now about buying bonds to loan any other European nation, regardless of the situation.

The World War serves to emphasize the wisdom and the patriotism of George Washington who taught us to avoid entangling alliances with all foreign powers.

The peoples of Europe have a different viewpoint to ours. Wars have been their pastime. Some of them would be fighting today if they were able to finance a war.

With the lights before this Nation, were we on the brink of another World War akin to the last one, the soldiers who would enlist for service would be scarcer than hen's teeth.

The less political dealing the United States can have with Europe the better for our people.

The Allies who owe the United States are using Germany in the debt parley as a smoke screen.

DOES NOT ALWAYS BOW TO EDICTS.

Dr. R. A. Meek, editor of the Southern Methodist, published in Memphis, is back at his desk again after a wrestle with the flu followed by pneumonia. Dr. Meek's home is in Holmes County and he is a member of the North Mississippi Methodist conference. He is a vigorous and able writer. While we find ourselves most frequently at cross purposes with his views, yet we read his paper with more or less pleasure and profit. He does not accept the edict of the powers that be simply because it comes from those who happen to be in high place. In this respect especially Dr. Meek sets a precedent that the country as a whole might emulate with profit. This is a day when everything is being "standardized" and when there are runners up and down the country to "supervise", "suggest" and "direct". It is well that there is some one occasionally who has the temerity to protest against the edicts and mandates of bureaucracy and conglomerated organizing. The one who does this may expect of course to be the butt of all that the "organizations" can unlimber on him. Possibly if Dr. Meek were not so persistent in some of his attacks on what he thinks is undermining the highest and the best of the land, he would be more effective. We are glad that he pulled through his illness and that he is able to resume his labors.

Congress is in session and is struggling over the bill, said to have the endorsement of President Hoover, which is designed to give "farm relief". The lower house has passed the bill. The lower house of congress is not so liberal as the senate. Under the rules of the lower house, a majority can shoot a measure through without practically any discussion. The senate committee on agriculture has reported a bill but it seems that the most formidable factors in opposition are from the President's own party, particularly senators from the great west where the farmer's distress is said to be the greatest. Some of these senators are charging that the President is not keeping his word. To an onlooker, however, it appears that Mr. Hoover is doing just what he promised during the campaign. The truth is, nobody knows just what needs to be done.

Before you buy a car it's wise to compare with

THE NEW PONTIAC BIG 6

PRODUCT OF GENERAL MOTORS

$745 AND UP

Some people make a fundamental mistake when they go to buy a car. They receive a demonstration and they compare the new car only with the car they are about to trade in. To help you avoid this mistake we have arranged a special demonstration of the New Pontiac Big Six. See the others, by all means. But see the New Pontiac Big Six, if only for the sake of comparison.

Prices $745 to $895, f. o. b. Pontiac, Michigan, plus delivery charges. Bumpers, spring covers and Lovejoy shock absorbers regular equipment at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list price when comparing automobile values . . . Oakland-Pontiac delivered prices include only reasonable charges for delivery and financing.

© 1929 Dodge Brothers Corporation

Inevitably Fine

From its very origin, the new Dodge Brothers Six *had* to be what it actually *is*—a value beyond parallel or precedent. It was built with the studied care and uncompromising skill that have made the Dodge Brothers name a symbol for dependability. Walter P. Chrysler endowed it with innumerable refinements and more than a score of mechanical betterments. Outstanding among these is the exclusive Mono-piece Body—one of the most important developments of recent years. By a wide and commanding margin, the new Dodge Brothers Six is the greatest value in Dodge Brothers history.

LOCAL, SOCIAL and PERSONAL

Edited by
Mrs. E. R. Proudfit
Telephone 435

Mr. and Mrs. C. A. Summerlin and family spent Saturday and Sunday in Memphis as the guests of Mrs. Anderson Moore.

* * *

Mr. and Mrs. Joe Cook and daughter, Josephine, of Philadelphia, Miss., were guests of Mr. and Mrs. Wallace Campbell on College Boulevard for the week-end. Mrs. Cook and Mrs. Campbell are sisters.

* * *

Mrs. Donald Sharp spent several days the latter part of the week in Greenwood as the guest of her cousin, Mrs. Norman Brewer. Mrs. Sharp was the recipient of many social courtesies during her visit there.

* * *

Mrs. Leo Brown, of Bay Springs, visited Mrs. Byron Dudley this week, having arrived Monday.

* * *

Mrs. Drew Roane and daughters, Mrs. Bob Townes and Miss Daisy Leigh Roane, and Mrs. Townes' son, Bobby, returned Monday from an enjoyable motor trip to Iuka where they visited Mr. and Mrs. J. A. Roane.

* * *

Mr. Walter Potts Boswell, of Millsaps College, spent from Sunday until Tuesday with his mother, Mrs. J. H. Holder, at the Methodist parsonage.

* * *

Mrs. B. C. Duncan, of Phillip, spent Sunday and Monday with Miss Lida Coffman.

* * *

Mr. and Mrs. W. E. Jackson spent Tuesday and Wednesday in Memphis.

* * *

Miss Bird Sharp is spending this week in West Point as the guest of Mrs. Mose Williams.

* * *

Mr. and Mrs. Vassar Dubard spent Saturday and Sunday in Jackson with their son, David Young, at Millsaps College. They were guests at the Theta Kappa Mu fraternity house, the occasion being a house party for the mothers of the students belonging to this fraternity, this being the first of its kind ever held at Millsaps. At the banquet given at the Edwards House, David Young sang with a quartette and also played a saxophone solo.

* * *

Mrs. Bruce Newsom and two daughters, Mary Jane and Nancy, were guests of Mrs. J. H. Dorroh, at Oxford for the week-end. Mrs. Dorroh is Mrs. Newsom's sister.

* * *

Mrs. Robert Hall was hostess to the members of Circle No. 2 of the Woman's Missionary Society of the M. E. church Monday afternoon. There were fourteen members present, each member responding with Bible verse to roll call. Mrs. W. B. Waterman, leader of this circle, had charge of the afternoon's program. Mrs. E. H. Cunningham led the devotional with the reading of Scripture followed by a prayer. Miss Virginia Thomas, of Grenada College faculty, gave the lesson from the Bible study book on "The Major Prophets". At the close of the program, Mrs. Hall served a delicious salad course with iced tea. The meeting was dismissed with prayer by Miss Corinne Laney.

* * *

Mr. William Gerard, of Jackson, is spending a week's vacation with his parents, Mr. and Mrs. Ernest Gerard, and his brother, Mr. Lewis Gerard, and wife, of Boston, who are also visiting their parents.

* * *

Circle No. 3 of the Woman's Missionary Society of the Methodist church met with Mrs. Wallace Campbell Monday afternoon with thirteen present. After a devotional by the leader, Mrs. Ida Campbell, who read Psalms 137, Mrs. T. J. Brown, study leader, gave the lesson from the Bible study book, on "The Major Prophets", the members answering and discussing questions on the lesson. Delightful refreshments were served at the close of the meeting. Mrs. Elizabeth Wiggs and Miss Anna Peters were special guests at the meeting. The Bible verse selected by the circle with which to close their meetings was repeated in concert.

* * *

Mr. and Mrs. Lewis Gerard, of Boston, Mass., are visiting Mr. Gerard's parents, Mr. and Mrs. Ernest Gerard. This is Mr. Gerard's first visit home in seven years and his many relatives and friends are extending to him and his wife a most cordial welcome.

* * *

Mr. and Mrs. Paul Sanders, of Jackson, spent Saturday night and Sunday with Mrs. Sanders' sister, Mrs. Donald Ross.

Mr. Sam Cain and Dr. J. P. Broadstreet spent Monday in Memphis.

* * *

Mr. and Mrs. Paul Gerard, of Cleveland, spent the week-end with their parents, Mr. and Mrs. Ernest Gerard.

* * *

Miss Daisy Leigh Roane is spending this week-end in Batesville as the guest of Miss Mary Gowdy.

* * *

Dr. J. R. Countiss attended an educational meeting at Nashville this week, spending from Monday until Thursday there.

* * *

Mr. and Mrs. Ralph Semmes had as their guests Sunday the following relatives who came over to be with Mrs. W. J. Jennings who has been confined to her bed on account of an accident sustained last Thursday morning: Mr. and Mrs. Judson Jennings and daughter, Frances, of Parchman, Dr. and Mrs. Frank Smith, Mrs. Dudley McBee and son, Dudley, Jr., of Greenwood.

* * *

The Parish Guild, of All Saints' Episcopal church met with Mrs. Woolf at her apartment at the residence of Mrs. C. C. Penn, Monday afternoon with a splendid attendance. Rev. J. H. Boosey, rector of the church, made a short talk after which a discussion of the work of the church in Haiti and the Canal Zone was led by Mrs. Frank Gerard. The Auxiliary will meet Monday afternoon at 3:30 with Mrs. Boosey at the rectory.

* * *

Mrs. Paul LaGrone and little baby are visiting relatives in Canton.

* * *

Mr. Orrin Melton spent the week-end in Greenwood with relatives.

* * *

Mesdames J. H. Holder, W. E. Jackson, George Darby and R. H. Herring spent Wednesday in Greenwood on business connected with the special edition of The Sentinel to be published by the Missionary Society, May 24.

* * *

Dr. and Mrs. E. B. Provine and family have moved to the Baum apartments on College Street. Mr. and Mrs. Sanford Horton are also occupying an apartment there.

* * *

Mr. Harold LeDuke spent the week-end in Memphis with his mother.

* * *

Mr. and Mrs. Drew Roane and Miss Daisy Leigh Roane motored to Jackson Wednesday, returning Thursday afternoon.

* * *

The Senior Epworth League of the Methodist church, enjoyed a picnic supper and weiner roast last Friday night across Bogue. Rev. J. H. Holder accompanied the young folks.

* * *

Rev. E. S. Lewis, of Corinth, spent Wednesday night with his daughter, Mrs. Walter Allen McCool, en route to Coffeeville Thursday to attend the quarterly conference of the Grenada district.

* * *

Mrs. R. Q. Nelson spent from Friday until Monday in New Orleans with her brother, Mr. R. W. Tyner, who recently underwent an operation.

* * *

Mrs. J. H. Oliver entertained most delightfully Saturday afternoon at bridge in honor of her daughter, Mrs. Wayne Williams, of Greenwood. At the close of several interesting games, delicious apricot ice cream and cake were served to the following guests who shared in Mrs. Oliver's hospitality: Mesdames Walter Allen McCool, Spivey Kent, Dudley Crawford, Sam Hall Garner and John Nowell Eetes and Misses Cora Leigh Wilson and Catherine Lufkin.

* * *

Mrs. J. L. Odom entertained fourteen little friends of her little daughter, Annie Eleanor, in honor of her fifth birthday Wednesday afternoon. Each guest presented the honoree an attractive gift which added much to her pleasure. Many games were enjoyed by the little folks after which delightful ice cream was served with the birthday cake, which was beautifully decorated and had five pink candles burning on it.

* * *

Mr. and Mrs. George Granberry and two children, of Greenwood, spent the week-end with Mrs. B. F. Thomas and Miss Mary Thomas.

Additional Locals

Thomas-Brooks.

Mr. Earl Thomas and Miss Lillian Brooks were married last Sunday afternoon, April 28, in Marion, Ark., the ceremony being quietly said at the home of the officiating minister. After a short honeymoon spent in Memphis, the couple returned Tuesday night to Tie Plant where they will make their home.

The groom is employed by the Ayer & Lord Tie Co. at its plant south of Grenada, a position he has held for a number of years. He is unusually industrious and enjoys the confidence of his employers to a marked degree. He is accommodating and obliging and his loyalty to his friends is well known. He enlisted with the Grenada company at the outbreak of the World War and saw service overseas, remaining throughout with this company composed almost entirely of Grenada boys.

His bride is a member of a well known family in this section. She is popular among a wide circle of friends and possesses many admirable traits of character. At the time of her marriage she was a student in the Grenada Hospital Training School.

The Sentinel extends its congratulations and best wishes for a long and happy wedded life.

* * *

Graduating Recital.

Miss Evelyn Barrow, senior in expression at Grenada College, will be presented in her graduating recital next Tuesday evening, May 7, at eight o'clock in the college auditorium.

Miss Barrow will read "Sun-Up", by Lula Vollmer, one of the North Carolina folk plays. This play will be presented by the Dedpath Chautauquas in their program here this month and the public generally should be interested in hearing it read by one so talented as Miss Barrow before they see it presented as a stage attraction.

Those who have seen Miss Barrow perform in the various dramatic presentations at the college recognize that she possesses no little ability and that any recital in which she participates will be thoroughly enjoyable.

The public is most cordially invited to attend.

* * *

Mrs. Bell Compliments Visitor From Grenada.

To compliment Mrs. Donald Sharp of Grenada, Mrs. N. C. Brewer's guest of the past week, Mrs. A. H. Bell dispensed lovely hospitality at a three table bridge party at her home on West Front Street Saturday afternoon.

Roses were very lovely in their adornment of the reception rooms where the interesting game was enjoyed. Mrs. W. O. Spencer was high score winner and received a lovely rose vase; Mrs. Charles Pitchford drew consolation, an ice bag, and Mrs. Sharp's gift was an ice tub.

Dainty refreshments of a plate lunch were served in conclusion of the afternoon's hospitalities.—Greenwood Commonwealth, April 29.

* * *

Dr. J. K. Avent and wife and two children returned Monday from New York where they had been for the past four weeks. Dr. Avent spent the time in watching hospital and surgical work in the leading hospitals of that city, and in studying surgery as practiced by some of the country's most renowned surgeons. Mrs. Avent and the two children used the time to see the sights of the world's largest city and to enjoy many things there that never fail to appeal to visitors. During Dr. Avent's absence, Drs. Hill and Clanton, of the Grenada Clinic, performed a number of major operations and gave ample evidence of their skill in surgery as well as in general practice. Dr. Hill has few superiors when it comes to treating children and Dr. Clanton is hard to excel in treating eye, ear, nose and throat diseases. Indeed the Grenada Clinic includes a combination of surgeons and physicians unexcelled anywhere.

* * *

Little Miss Elma Barger, of Fulton, Ky., was the guest from Friday until Tuesday of Misses Bartine, Marie and Dorothy Dalton on Poplar Street.

Mr. A. P. Mitchell was a visitor last Sunday in Memphis. While there he heard three sermons by Evangelist Horace W. Busby, of Fort Worth, Texas, delivered at the Union Avenue Church of Christ.

* * *

The many Grenada friends of Mrs. F. LeC. Dowe will be grieved to learn of her death which occurred at her home in New York City on Wednesday, April 24, after a long illness. She and her husband made their home on their place south of Grenada for a number of years and those who got to know her loved her greatly.

* * *

Mr. J. E. Bull, of Elliott, has accepted a position with the Imperial Motor Co., succeeding Mr. A. A. Henderson, who resigned to enter the automobile business at West. Mr. Bull has many friends over the county who will be interested to know of his new connection.

* * *

Mr. F. L. Grantham, of Marks, was a guest Sunday at the home of his uncle and aunt, Mr. and Mrs. O. F. Lawrence.

* * *

Mr. and Mrs. O. F. Lawrence had the pleasure of having with them Saturday night and Sunday their son and daughter, Rice and Miss Bernice, both of Greenville. Miss Bernice is an instructor in the city schools of Greenville and Rice is making Greenville his headquarters for a few months in his work as stores auditor for the Mississippi Power & Light Co.

* * *

Mr. V. R. James, Grenada county's very efficient and always accommodating circuit clerk, is much improved after having been confined to his home for three weeks. His many friends have shared in the anxiety of his family and are glad indeed that he is improving so rapidly.

* * *

Mrs. Malcolm Lawrence entertained her bridge club Wednesday afternoon in her home on Margin Street with two guests, Mrs. Cobb Trusty and Mrs. Frank Hill, other than club members present. After the games had been concluded and the scores totalled it was found that Mrs. Trusty was high and she was awarded the prize. Delightful refreshments were served after the games.

* * *

The Sentinel regrets its inability to give more reassuring news as to the condition of Mrs. W. B. Hoffa, who has been seriously ill for four weeks or more. It may be said, however, that in some respects her condition is much better.

* * *

Dr. W. E. Farr, pastor of the First Baptist church, is holding a revival meeting at Shubuta.

* * *

Mr. A. B. Campbell, for two years superintendent of the Grenada City schools and now manage of the Mississippi School Supply Co. and a leading and important factor in many of Jackson's enterprises, was in Grenada Tuesday afternoon and night. He was accompanied by Dr. Bennett of Chicago who made an address at Grenada College that night.

FIRST DODGE CAR TO NO. 1 DEALER STILL IN SERVICE

The first car to Dealer No. 1 in the world-wide sales organization of Dodge Brothers has been found to be the same sturdy performer it was when it rolled off the assembly line back in November, 1914.

The veteran touring car was recently traced to Nashville, Tenn., records showing that the car reached that city in December, 1914. Its owner is still driving the car daily, and it has a proud history of long tours through the eastern states and Canada among its recent accomplishments.

The distinction of holding dealer contract No. 1 goes to John Cheek, president of the Cumberland Motor Car Co. of Nashville, who made the first sale of a Dodge car, and who still holds the company's franchise for that territory.

The story of his success in the automotive field, and his start with the Dodge agency of Nashville is indicative of the character of the man himself. It was in 1914, when Europe was in the first stages of the World War, that Mr. Cheek first heard that Horace and John Dodge were going into the automotive manufacturing field.

Mr. Cheek, and his father, Col. Joel O. Cheek, happened to be in Sandusky, Ohio, when they heard the plans of Dodge Brothers. On approaching them, arrangements were completed for the first Dodge agency by a deposit of $1,000 as a guarantee. Without having seen a car, Mr. Cheek placed his order for 500 for the first year, to show his confidence in the Dodge Brothers, and the car they planned to place on the market. Just before Christmas in 1914, the first shipment, consisting of a Dodge touring car crated in a box, reached Nashville by express.

Since that time, the Cumberland Motor Car Co. has expanded to take care of the constantly increasing business in Dodge Brothers cars, motor trucks and buses. They have passed through several "saturation points," and now with the number of cars on the highways increasing by the thousands every day, they are enjoying a volume of sales with the present Dodge line that indicates the saturation point is no nearer than it was when they started business nearly fifteen years ago.

URGED TO EXAMINE FRUIT

A. & M. College, Miss.—Buyers of oranges and grapefruit as well as all fruit dealers and restaurants are being urged by the State Plant Board to examine carefully all such fruit for small white maggots of the Mediterranean Fruit Fly, recently discovered in Florida. As soon as the presence of the pest was known, hundreds of tons of these fruits were shipped out of Florida by truck and train to avoid being quarantined. The U. S. Department of Agriculture says there is considerable danger that some of this fruit may have been infested with this serious pest, and if not discovered, may spread the infestation to other states.

Inspectors of the State Plant Board in all sections of Mississippi are giving special attention to this danger and making examinations of fruit at as many places as possible. Soft spots on the fruit, or tiny pinholes with juice exuding, are indications of the presence of the maggots on the inside. All the citizens of the State are urged to help in this work, and if oranges or grapefruit are found to contain worms of any kind, they should be tightly wrapped and mailed at once to the State Plant Board at A. & M. College.

TAX COLLECTOR'S SALE OF REAL PROPERTY FOR AD VALOREM TAXES

Notice is hereby given that the undersigned tax collector of the City of Grenada, Mississippi, will on Monday, May 6th, 1929, within legal hours at the south door of the Mayor's Office in said City of Grenada County, Mississippi, offer for sale to the highest bidder at public auction for cash the following property on account of unpaid and delinquent ad valorem taxes due to said city as follows:

Observe Sunday School Day.

Sunday night the Methodist Sunday School had its annual Sunday School Day program with a most enjoyable and effective pageant, under the able supervision of Mrs. Frank Matthews, assisted by Mesdames W. E. Jackson and R. H. Herring.

"The Messenger of a New Day" was the title of the pageant and every department of the Sunday School, from the cradle roll to the home department, was represented and told something of its work through the superintendent of the department. Fitting hymns were sung by the junior choir.

The principal characters were as follows: "Columbia", Miss Ruth Austin, who was preceded into the church by her heralds, George Darby, carrying the Christian flag, and Joe Stevens, bearing the American flag; "Truth", Miss Dorothy Aiken; "Education", Mrs. Mabel Babin; "Happiness", Miss Annie Elizabeth Dubard; "Religion", Miss Jewel Clanton; "Prosperity", Miss Louise Odom; "Religious Education", "the messenger of a new day", Miss Mildred Gattis.

The lovely decorations in white and green, with spring flowers and the vari-colored lights used during different scenes in the pageant, made a most effective setting for the program carried out.

* * *

Miss Cora Leigh Wilson was hostess to the members of the bridge club of which she is a member Friday afternoon at the apartment of Mrs. Walter Allen McCool on South Street. Miss Catherine Lufkin received high score prize, an attractive deck of cards. A delicious salad course with cocacola was served at the close of four series of interesting games of bridge.

Closing Meeting Held.

The closing meeting of the club year of the Twentieth Century Club was held Tuesday afternoon in the Eastern Star room at the Masonic Temple where a specially planned social with a most enjoyable program was carried out.

Each member invited a guest and there were forty present, including the members.

Mrs. John Keeton, president, had charge of the meeting and introduced two visiting federated club women of Vaiden, who made splendid talks on their line of work as chairmen, Mrs. A. A. McPherson, chairman of club extension, stressing the importance of clubs belonging to the state federation, and Mrs. C. D. Alexander, discussing "Citizenship".

Mrs. Frank Hill favored the club with two beautiful vocal solos, "Who Will Buy My Lavender", and, "Oh! Little Rose of May".

Miss Frances Farr and Mrs. R. H. Herring each played lovely piano solos.

Mrs. Keeton rehearsed the year's work of the club and spoke of the splendid program to be taken up in the fall.

Delicious ice cream and cake were served at the close of the program.

* * *

Mrs. Ella Anderson, who has been visiting her niece, Miss Lida Owens, for several weeks left for her home in Paducah, Ky., Wednesday.

Musicale for Visitors.

Mr. and Mrs. John Nason entertained with a most enjoyable musicale Saturday evening, honoring their nephews, Messrs. Paul Gerard and Lewis Gerard and their attractive wives, who were visiting their parents, Mr. and Mrs. Ernest Gerard.

Mrs. Nason favored her guests with a lovely piano solo, after which the two honorees, who are both most accomplished musicians, rendered several beautiful selections on the piano. Frank Gerard, Jr., played a saxophone solo, in a most commendable manner.

During the evening's entertainment Mrs. Nason served delicious strawberry parfait and cake to the following guests who shared in her hospitality: Mr. and Mrs. Paul Gerard, of Cleveland; Mr. and Mrs. Lewis Gerard, of Boston, Mass.; Mrs. Paul Sanders and Mr. William Gerard, of Jackson; Mr. and Mrs. Ernest Gerard; Mr. and Mrs. Roy Doak; Mrs. W. E. Smith and Miss Willie Smith; Mr. and Mrs. Frank Gerard; Misses Robbie and Juliette Doak; Miss Addie Boushe; Mr. A. Gerard; Masters Frank and Gus Gerard and Rob Roy Fisher, of Clover Hill.

* * *

J. O. Y. Class Eentertained.

The J. O. Y. Class, of the Young People's department of the Methodist church were entertained most delightfully by their teacher, Mrs. Frank Matthews Thursday evening, with a picnic supper at Bledsoe's, after which enjoyable games were played in the open spaces by the moonlight.

Each member was privileged to carry a special guest and the following young ladies were among those who took part in the enjoyable event: Misses Mary Ida Sharp, Thelma Jackson, Louise Odom, Ruth Austin, Dale Hodge, Mary Violet Collier, Edith Bell, Sarah Cunningham, Margaret Minter, Sarah Bell, Lora Belle Pierce, Addie Laura Dubard, Elizabeth Miller Eddleman, Virginia Horton, Eva Rose and Dora Emma Stevens and Miss Pierce.

Mr. Matthews assisted Mrs. Matthews in entertaining the young people, all of whom had a most enjoyable time.

* * *

Bethel Has Homecoming.

About fifty of the local Presbyterian church members attended the "Homecoming" at Bethel Presbyterian church at Pea Ridge Sunday. Rev. Robert L. McLeod preached the morning sermon and Rev. J. H. Holder had charge of the afternoon service.

Dinner was served on the grounds and everyone enjoyed this annual reunion of church members in that community and of the Grenada church. Rev. J. R. Cunningham organized this church during his ministry of the Grenada church.

* * *

Mr. G. J. Pope, of Chicago, spent from Thursday night until Sunday with his son, Mr. Henry Pope, and Mrs. Pope. Mrs. Pope, who had been visiting her son and his wife for several weeks, accompanied her husband home Sunday night.

* * *

Misses Anibel McAlister, Hazel Inman and Estelle Rollins spent Friday in Memphis.

* * *

Rev. and Mrs. E. G. Mohler motored to Memphis Monday for the day, going by way of Holly Springs where they were joined by their daughter, Miss Elizabeth, who accompanied them.

* * *

Mrs. A. C. Stewart, of Okolona, visited relatives in Grenada last week.

* * *

Mr. and Mrs. H. K. Barwick, Jr., and Mr. and Mrs. Clarence Coffin were the guests of Mr. and Mrs. H. K. Barwick Sunday en route to their home at Wynne, Ark., after spending the week-end in Port Gibson.

* * *

Mesdames John Keeton and John Rundle were Greenwood visitors Tuesday.

DOBBS HATS

THE difference between Dobbs straw hats and other kinds is even more noticeable than in Dobbs felt hats. Dobbs straw hats are hand made, preserving the delicate bloom and the graceful roundness of the braid.

A RESOLUTION

The following resolution was introduced, its adoption moved and seconded and put to a vote. Aldermen E. C. Neelly, W. E. Jackson, J. H. Murray, H. L. Honeycutt, L. C. Proby, voting for its passage, there being no votes against same, and the following aldermen being absent and not voting, viz, J. P. Pressgrove, it was declared duly adopted and ordered entered on the Minutes as follows:

A Resolution providing for the issuance of twelve thousand five hundred dollars of refunding bonds of the City of Grenada, Mississippi, to take up and pay off bonds of said city maturing on July 1st, 1929, issued July 1st, 1909 for the purpose of enlarging the white public school building of said city.

Whereas on July 1st, 1909, the city of Grenada, Mississippi, did issue its bonds to the amount of twelve thousand five hundred dollars for the purpose of enlarging and adding to the White Public School Building of said city, which said bonds will mature and become due and payable on July 1st, 1929;

Whereas none of the principal of said bonds has been paid but all of said bonds are outstanding against said city and are unpaid and will become payable on July 1st, 1929;

Whereas there are no funds in the city treasury with which to pay the principal, or any part of the principal of said bonds, and it is therefore necessary that the city shall borrow a sufficient sum of money with which to pay said principal of said bonds by the issuance, as provided by law, of refunding bonds.

Be it, therefore, resolved by this Board in regular session:

Sec. 1. That for the purpose of raising funds to take up and pay off the principal of twelve thousand five hundred dollars of said bonds aforesaid, it is the intention of this Board at its regular May, 1929, meeting, to be held at the Mayor's Office in said city on May 6th, 1929, at 7:30 p. m. o'clock to issue the negotiable, coupon bonds of said city to the amount of twelve thousand, five hundred dollars. Said bonds shall be dated July 1st, 1929, and shall be sold for not less than par and shall bear interest at a rate not greater than six per centum per annum, payable semi-annually on the first day of January and July, and the proceeds of the sale of said bonds shall not be used for any other purpose than the purpose for which they will be issued. Said bonds shall mature and become payable annually, with all maturities not longer than 25 years, and with not less than one-fiftieth of the total issue to mature each year during the first five years of the life of said bonds, and not less than one-twenty-fifth of said total issue to mature annually during the succeeding ten year period of the life of said bonds and the remainder to be divided into approximately equal payments, one payment to mature during each year for the remainder of the life of said bonds, as provided by law.

Sec. 2. That this resolution be published in Grenada Sentinel, a newspaper published and having a general circulation in said city, for three weeks, as provided by law, and unless twenty per cent. or more of the qualified electors of said city shall on or before May 6th, 1929, at 7:30 p. m. o'clock file a written protest against the issuance of said bonds, they will be issued without submitting the question of the issuance thereof to an election,—the Board hereby finding, declaring and adjudging that the City of Grenada, Mississippi, is, in fact and by every census of its inhabitants, a city of less than twelve thousand inhabitants.

Sec. 3. That this resolution take effect and be in force from and after passage.

Approved: W. S. P. DOTY, Mayor

Attest: WILLYE Y. WEST, Recorder

ILLINOIS CENTRAL SYSTEM
COURTESY EFFICIENT SERVICE ALWAYS

Facing the Future

The supremacy of the railroads in the field of commercial transportation is being challenged today as never before. Barge lines are competing for the freight traffic of the railroads, and so are motor truck lines. Bus lines and airways are bidding for their passenger traffic. What will be the outcome?

The railroads are giving their answer to that question. They spent last year approximately $680,000,000 for improvements in facilities and will probably spend more this year. In the last eight years their expenditures for improvements have amounted to around six and one-half billion dollars.

The present good quality of railway service is one result of such expenditures. The sustained volume of business is another, for railway purchases stimulate all other kinds of business.

In these fast-moving days of strenuous competition a program of expansion on the scale maintained by the railroads takes courage. It also takes faith—not only in the essential character of railway transportation, but in the fair-mindedness of the American people, that they will recognize the outstanding service performed by fully self-supporting railroads under all conditions and that they will reward such service by continued patronage.

If the railroads are to continue to be reliable providers of transportation, they must prosper. Patronage and constructive regulation of rates are two main requirements of their prosperity.

Constructive criticism and suggestions are invited.

L. A. DOWNS,
President, Illinois Central System.

CHICAGO, May 1, 1929.

10 YEARS AGO IN GRENADA

From the Files of THE GRENADA SENTINEL

Mrs. Jackson, of the Shaw millinery department, spent the week-end in Kosciusko.

Miss Maude Matthews spent the week-end with relatives and friends in Kosciusko.

Miss Margaret Moody has returned from a visit to relatives and friends in Memphis.

Miss Lola Kate Holcomb, of Oxford, is the guest of relatives and friends in the city.

Mr. P. Y. Dupoyster, of the Burnet Drug Co., spent Sunday at his home in Water Valley.

Mr. and Mrs. A. B. Campbell reached Grenada Sunday in their auto from Jackson. Mr. Campbell returned Monday, but his wife remained over for several days. Mr. Campbell is manager of the Mississippi School Supply Co.

The Sentinel is requested to announce that Rev. John A. Wood, of Canton, will fill the pulpit at the Presbyterian church next Sunday morning and evening. Everybody invited.

Miss Lena Elma McElwrath has returned to her school in Hernando, after having spent a week with her parents, Mr. and Mrs. A. T. McElwrath.

Mrs. J. H. Wilson has returned to her home in Water Valley after a short visit to relatives and friends in "The City Beautiful".

Miss Clara May McDowell left the latter part of the week for Coffeeville where she will be with her grandmother for some time.

Messrs. W. A. Prather, A. R. Dockery and E. B. Lewis were in New Orleans three days last week on business.

Mr. and Mrs. W. W. Whitaker and little son paid a visit this week to Mrs. Whitaker's relatives in Water Valley.

Miss Lilla Shannon attended the Red and Blue Dance at the University the latter part of last week.

Mr. and Mrs. W. J. Jennings, Jr., have returned from a visit to relatives and friends in Holly Springs.

Mrs. B. S. Dudley and Miss Ila Rogers spent Sunday with relatives and friends at Kosciusko.

Mrs. R. F. Matthews has returned from an extended visit to relatives and friends at Kosciusko.

Miss Kate Lickfold is visiting relatives and friends in Greenwood and other points in the delta.

Mr. Howard Hill, of Itta Bena, spent the week-end with his aunt, Mrs. J. B. Middleton.

Mr. W. B. Hoffa was the Grenada representative at the road meet in Memphis Monday.

Mr. and Mrs. Jim Yeager, of Drew, are the guests of their mother, Mrs. M. E. Yeager.

Mrs. A. B. Campbell, of Jackson, is the guest of her mother, Mrs. Gus Horton.

Mr. and Mrs. Jay Gore spent the week-end with relatives in Coffeeville.

Column About Colored People of Grenada County

Items by J. H. Phillips

The approaching close of the Grenada High School (Col) of this city gives this community an opportunity of getting a thrill that usually accompanies the winding up of a session in which many children of the community have attended. The closing begins on the 7th of May and finally ends on the 23rd of May. The commencement exercises are as follows: Tuesday, May 7th, 8 p. m. A Cantata—"Jack and the Bean Stalk";

Friday, May 10, 8 p. m., Primary Department Program;

Tuesday, May 14th, 8 p. m., Play—"Alice in Wonderland";

Friday, May 17th, 8 p. m., Play: (a) "Jolly Picnic Party; (b) "By Way of Secret Passage";

Sunday, May 19th, 3:30 p. m., Commencement Sermon—Rev. J. W. Golden, D. D., Holly Springs, Miss.;

Monday, May 20th, 2:30 p. m., Class Day Exercises;

Monday, May 20th, 8 p. m., Commencement Musical;

Thursday, May 23rd, 8 p. m., Graduating Exercises.

A. M. ROGERS, Prin.

The public is invited to attend all of the exercises. They will take place at the public school auditorium.

Notice

Wm. E. Barnes, Presiding Elder of the Grenada District, will preside over the District Conference of the Grenada District to convene in Grenada, May 8, 9, 10 in Powell's Chapel, A. M. E. Church Wednesday morning, 9:30. Both white and colored citizens of the city and country are invited to attend this session. Yours for Christian Education, M. R. Mozee, P. C.

MAYORS ARE WARNED

A. & M. College, Miss., April 30.—Letters to all Mississippi mayors, warning them that a firm which sold worthless ant poison in this state a few years ago is again soliciting business in some places in Mississippi, have just been sent out by the State Plant Board. The firm in question had cleaned up several thousand dollars by peddling a poison for Argentine ants from house to house and charging about three prices before it was discovered that the poison was practically worthless. The Plant Board urges all cities and towns to beware of itinerant peddlers of ant poison, as the cheapest and most satisfactory method of fighting the Argentine ant is by community campaigns in cooperation with the State Plant Board. By means of these campaigns, the Argentine ant has already been completely eradicated at several places in Mississippi, and greatly reduced at many other places. The Plant Board makes no charge for assisting in these campaigns.

PAINS In Side and Back

"I HAD BEEN miserable for a long time. My health was poor, and I suffered a lot from weakness. At times, my strength was so little that I could not stand on my feet. I would have to give up and go to bed. My sides and back hurt dreadfully.

"I grew discouraged, for I could do so little. I worried about myself, and almost gave up hope of ever being strong and well. I could scarcely lift a bucket of water. My housework went undone, for I was not strong enough to do it.

"After I had taken Cardui for a little while, I began to feel better. I grew stronger, soon found that I could do my work with less effort, and the pains in my back and sides left me. I think Cardui is a wonderful medicine. My health has been excellent since then."—Mrs. D. L. Becknar, W. Main St., Salem, Va.

There is no better investment in the motor car market today than that small amount of money that represents the difference between the price of De Soto Six and that of lower priced cars.

On the basis of cold cash alone, you will find that, over the whole period of your ownership, it will cost you less to buy and operate a De Soto Six than any car whose appeal is solely in its low purchase price.

For when you buy a De Soto Six, you not only spend fewer actual dollars in the long run, but you get vastly superior value for every dollar of your investment.

Already you know that any Chrysler-built car includes a whole list of unique engineering features that make for finer, fuller enjoyment of motoring.

Already you know that any Chrysler-built car is ultra-smart in appearance, staunch, speedy, economical, easy in control, responsive—that it embodies the most attractive equipment and fittings that you can find in any motor cars.

Now we want to show you that you can afford to own a De Soto Six even though you had set your price limit somewhat lower than De Soto's initial price, and had resigned yourself to infinitely less than De Soto offers.

Check all of De Soto's remarkable features—find out how much less are De Soto's upkeep costs. Consider these items in relation to the purchase price—and you will be convinced that an investment in De Soto Six is not surpassed by anything offered in the low-priced field today.

Lesson for May 5

WHAT HILKIAH FOUND IN THE TEMPLE

LESSON TEXT—II Chron. 34:14-33.
GOLDEN TEXT—Thy word is a lamp unto my path.
PRIMARY TOPIC——Finding a Lost Book.
JUNIOR TOPIC—Finding a Lost Book.
INTERMEDIATE AND SENIOR TOPIC—Discovering a Guidebook.
YOUNG PEOPLE AND ADULT TOPIC—The Bible in National Life.

I. The Book of the Law Found (vv. 14-17).

1. The occasion (v. 14).

It was while restoring the temple during Josiah's reformation that the Book of the Law was discovered. No doubt, in clearing out the dark corners to make repairs and to find a place to store the subscriptions made by the people, many things which had been lost were found, among which was the law. This was "the law of the Lord given by Moses."

2. The book delivered to the king (vv. 15-17).

In a report of the work, the king was informed of the finding of the Book of the Law by Hilkiah, and the book was delivered by him.

II. The Effect of the Reading of the Law (vv. 18-28).

Shaphan, the scribe, read the law before the king.

1. The king rent his clothes (v. 19).

As the law was read before him, the king was led to realize the awful extent of the nation's departure from God. He knew that sin merited punishment. The function of the law is to reveal sin. The rending of the royal robes indicated that the king was penitent and sorrowful.

2. The king sent a deputation to make inquiry of the Lord (vv. 20, 21).

The king included himself in guilt before God. "Go inquire for me and for them that are left—for great is the wrath of the Lord that is poured out upon us." His sense of sin was so keen that he sent to inquire of the Lord as to whether there was any means of diverting the divine judgments. Instinctively, the human heart turns from God's threatened judgments to a means of escape. The soul that sorrows for sin inquires for a way of escape. The law prepared for the gospel. The law is our schoolmaster to bring us to Christ (Gal. 3:24).

3. The message of Huldah, the prophetess (vv. 22-28).

(1) Confirmation of what the law said (vv. 22-25).

She said that all the curses written in the law must fall, for the sins had been so flagrant that God's wrath could not be restrained. Destruction was hanging over Jerusalem and it was too late to avert it. It was not too late, however, to repent and to obtain mercy from God, but the outward consequences of sin must be realized. Fulfillment of this is found on every hand today. The murderer must hang.

(2) Acceptance of Josiah's repentance (vv. 26-28).

Because of his tenderness of heart and deep penitence, the Lord said he should be gathered to his grave in peace and should not see all the evil to be brought on Jerusalem and its people. What Huldah said was true, even though Josiah died in battle (35:23-25). When God accepts a man and forgives him, his death is a peaceful one, even though it may be on the battlefield. God's presence is with him, therefore he will go straight from the battlefield to the heavenly home.

III. The Law Obeyed (vv. 29-33).

1. The King read the law (vv. 29, 30).

He gathered together the inhabitants of Jerusalem, including the priests, Levites and elders, and read unto them the law.

2. The king made a covenant before the Lord to keep His commandments and testimonies (vv. 31, 32). In this covenant he pledged himself to do three things:

(1) To walk before the Lord (v. 31). This meant that he would get personally right with God.

(2) To keep God's commandments, testimonies and statutes with all his heart and soul (v. 31). To read the law is not enough. Its holy requirements must be obeyed.

(3) To perform the words of the covenant, which were written in the book (v. 31). This was done sincerely and he caused all that were present "to stand to it."

3. The king took away the abominations out of all the countries which pertained to Israel (v. 33). All the days of the king they departed not from following after the Lord, the God of their fathers.

NON-RESIDENT NOTICE

THE STATE OF MISSISSIPPI

To Mrs. Jessie Schultz, a non resident, whose post office and street address is 805 North Springer Street, Carbondale, in the state of Illinois.

You are summoned to appear before the chancery court of the county of Grenada in said state, on the June 1929 Rules Day, the 10th day of June, 1929, to defend the suit No. 4442 in said court of W. I. Stone, wherein you are a defendant.

This 27th day of April, A. D., 1929.

MRS. JESSIE THOMASON, Clerk.

5 3 3t

25 YEARS AGO IN GRENADA

From the Files of THE GRENADA SENTINEL

On next Thursday night, May 5th, an entertainment will be given at Mullin Hall for the benefit of the new Presbyterian church fund by a number of our young ladies and gentlemen, which will consist of the best local talent. They should be greeted with a crowded house.

Dr. J. Wm. Jones, of Richmond, Va., lectured at the opera house on Tuesday night to an intelligent and appreciative audience. His subject was "The Boys in Gray", and he handled it in an interesting and masterly manner. This venerable gentleman is chaplain of the Confederate Veterans.

Dr. Moore Moore, a prominent young physician and affable gentleman, of Memphis, spent Sunday with his parents in Grenada.

Miss Winter, a graduate of Emerson's School of Elocution, will be heard in a reading, "High Culture in Dixie", opera house May 5.

Mr. Willis Brumfield, manager of the branch of the Grenada Bank of Belzoni, Washington county, spent a few days here this week. He is a genial and courteous young gentleman.

Miss Lillian McBride, of Greenwood, was the guest at the college last Friday, which institution is her alma mater.

Misses Leigh and Young and Messrs. Meaders and Moore will render several quartets in the concert next Thursday night.

Messrs. J. S. Love, cashier of the First National Bank of Lumberton; F. F. Phillips, cashier of the Citizens Bank, of Hattiesburg; R. C. Hauenstien, assistant cashier National Bank of Commerce, Hattiesburg, and J. R. Ralls, president Mt. Olive Bank, of Olive, Miss. were in Grenada Thursday, the guests of Mr. J. T. Thomas, cashier of the Grenada Bank. They are all genial and intelligent gentlemen.

Mrs. M. Turnipseed, a most estimable lady of Columbia, S. C., is visiting her father, Capt. R. H. Turner, at Holcomb.

Miss Pinkney Cone, of Itta Bena, was the charming guest of Miss Mattie Murff last Saturday and Sunday.

Dr. Moore, of Columbus, a promising young physician of that city was in Grenada Sunday on "business".

Mr. Bertram Bays, who has a remarkably fine voice, will appear in the concert next Thursday night.

Messrs. W. B. Hoffa and G. B. Jones were in Greenwood last week.

Mr. O. L. Kimbrough of Grenada, Miss., arrived in the city Sunday, to meet his wife and children who have been here for several days on a visit to Dr. Will H. Stokes, brother of Mrs. Kimbrough. Mayfield always gives a hearty greeting to her visitors from the great state of Mississippi, and Mr. Kimbrough and his interesting family are no exception to the rule.—Mayfield (Ky.) Messenger, April 25th.

HAS LARGEST RAT CAMPAIGN

Greenwood, Miss., April 30.—The largest rat control campaign ever conducted in Mississippi was completed here recently under the supervision of the State Plant Board. Poisoned baits were supplied to more than 3,000 homes and to all of the business section. More than a thousand pounds of bait was used, including 375 pounds hamburger meat, 330 pounds fresh fish, 225 pounds oatmeal, 100 pounds sardines, and 110 pounds of powdered red squill; which was the poison used. This poison has the advantage of being harmless to practically all animals except rats. The campaign here was apparently very successful, as dead rats were found in nearly all sections of the city. In many cases they probably reached their burrows in the ground before dying. Rat campaigns have recently been conducted in several other cities by the State Plant Board, with headquarters at A. and M. College.

PAINFUL INDIGESTION

"I SUFFERED a good while before I found something that would help me," writes Mr. E. W. Berry, of Neosho, Mo. "My trouble was indigestion, pains in my chest and a tight, bloated feeling that would make me feel smothered.

"Speaking of this to a friend of mine, he told me that Black-Draught was good for this trouble. I bought a package. It certainly did help me, so I continued to use it.

"I am in the transfer business, and sometimes when I would be hungry and ready to eat, I would have a call and would have to eat later. Then I would eat too much or too hurriedly. This would cause indigestion. After I started using Black-Draught, I found it did me a world of good."

THEDFORD'S Black-Draught

For CONSTIPATION, INDIGESTION, BILIOUSNESS

Announcing a NEW *Free* Service to Motorists

THE STANDARD OIL TOURING SERVICE

MOTORISTS throughout the South will be interested in the announcement of the new Standard Oil Touring Service—a service organized to help you in planning any motor trips you may desire to make, and assist you in selecting the *best, shortest* or *most scenic* routes throughout the United States. This service is free.

Fill out coupon below, or drop a line to Standard Oil Touring Service, 426 W. Bloom St., Louisville, Ky., stating destination, and you will immediately be supplied with maps and up-to-date, authentic information on the best route.

Then, to make your trip as economical and as free from trouble as possible, fill your tank with CROWN ETHYL GASOLINE—the motor-fuel of *maximum mileage*, and your crankcase with "STANDARD" MOTOR OIL—the quality lubricant that prevents friction and wear.

Standard Oil motor products are refined *up to a standard*—not down to a price! They are products that you can depend on! Their popularity (*they're the best-sellers year in and year out*), proves their worth. Sold by Standard Oil service-stations, and dealers throughout the South.

STANDARD OIL COMPANY
INCORPORATED IN KENTUCKY

Planning a Motor Trip?

Let us route it for you

CONGRESS CONSIDERS MOMENTOUS THINGS

(Continued from page 1)

the enforcement of the prohibition law continues to bob up in congress. The "wets" are more than voluble. Regardless of how seasoned a bootlegger or still runner may be, if he resists arrest and undertakes to run rough shod over the law and the officers and gets killed, why, the wets make him a martyr. It is true that prohibition agents in some places have killed without cause or provocation. It is true that some men get on the prohibition force who delight to show their authority and who never feel better that when they have guns stuck in their hind pockets, and who are such moral cowards that they shoot out of fear, yet as a whole, prohibition officers class up well with other arresting officers. It is no easy job they have.

A young rum runner was killed just the other day by a policeman of Washington City. The Washington police were notified that a man driving a certain kind of a car and guilty of a felony was headed for Washington and that he was on a certain road. The police got ready and stationed a man in a car where he could see the rum runner as he came in. In a short while the man looked for drove in at a clipping gait. He was ordered to stop and did not do so, so the policeman decided that a chase was the only way he could effect capture. The officer soon ran his car alongside of the other man's car and when the rum runner saw he could not outdistance the policeman, he tried to run his car into him and make him strike the sidewalk, and as a result the policeman had to drop behind. Then it was that the fleeing car turned loose its smoke screen. The officer fired at the fugitive's car wheel and punctured the tire, one of the bullets glanced and hit the fugitive in the back of the head and killed him. This affair brought the wet congressmen to the fore. They had much to say. Of course the matter is to be regretted from many angles. Where the matter of enforcing the prohibition law as well as many others is going to end, nobody knows, but President Hoover's recent New York speech in which he dealt only with lawbreaking and the necessity of law enforcement has certainly stiffened the backbones of the officers of the country.

Referring again to the man the policeman shot, he pulled off a new thing in turning loose a smoke screen on the officer. The press report of how the smoke screen was provided for is as follows:

"The owner of that machine had installed a metal tank in the machine about eight inches in diameter and perhaps two and a half feet high. The tank was placed in the front end of the car just to the right of the steering wheel shaft. The tank had an air force pump connected to its top. He had drilled a hole in the manifold and had connected a gas pipe there, about a quarter inch pipe, I presume, had brought it back through the front dashboard and had connected it to this gas tank. At the rubber connection, between the gas pipe and the gas tank, a stopcock had been placed, and it was possible for the driver of the machine or the man riding in the front seat with him to use this pressure pump and to run up the pressure in this tank. Then either one of them could open this stopcock and the chemicals in that tank would flow into the manifold and would be discharged through the exhaust, and when that stopcock was opened the exhaust threw out a dense cloud of smoke that completely enveloped the machine and the street so that it was impossible with any degree of safety, for a pursuing car to follow further".

Officers throughout the country had best take warning. The smoke screen is a new device among the lawless.

Besides farm relief, the congress, it seems certain, is going to give attention to the apportionment bill, to the immigration quotas and to the action of the Federal Reserve Banks in regard to furnishing money for Wall Street speculators.

President Hoover has done one thing that has not been done by a President in a long while, he has sounded in his pleas for law enforcement and law observance an alarm. It is the custom generally with officials to say that all is well. Mr. Hoover has chosen to call things by their right name.

TWO LOCAL CITIZENS GIVE FIGURES IN DISCUSSION OF PERMANENT ROADS

(Continued from page 1)

roads would leave to be built about 1550 miles, which would leave in reserve 450 miles, that could be used to connect up certain important links, such as Oxford, Starkville, Columbus, Greenwood, Hattiesburg and other routes where necessary to connect.

Funds for this building program could be acquired as follows:

2 cts. Gasoline Tax now paid to Highway Dept.	$2,700,000.00
Registration fees, autos and trucks	300,000.00
Federal government allotment	1,400,000.00
Increase privilege on autos and trucks approximately the amount of present ad valorem tax, exempting same from assessment	4,250,000.00
Making a total	$8,650,000.00
Deducting for repairs and maintaining secondary roads	1,650,000.00
Thus leaving a total income per year with a possible increase each year.	7,000,000.00

This fund will pave 2000 miles of the present primary road beds 18 ft. in width, in a period of 5 years and will hasten the completion of same by at least 5 years. It will save to the tax payers half of the cost of construction; will give absolute justice to each section of the state, and will have accomplished all these benefits with a very slight increase in taxes, thus relieving us of a heavy burden of another bond issue.

To confirm these statements get a road map of Mississippi, carefully check same, study this proposition from every angle, and if interested in a good road program, speak out, as the tax payers must bear the burden.

Respectfully,
EDGAR UNDERWOOD,
J. N. PROVINE.

Grenada, Miss., April 30, 1929.

SEES WHITE RACE MENACED BY DECLINING BIRTH RATE

Other Races Promise to Become Dominant, Says Frenchman. Ethiopian, Malayan and Mongolian People Are Increasing.

Paris, April 29.—The white race is in danger of being dominated by the other races of the world, because of the constant decline in its birth-rate, according to Dr. P. Lefebvre Dibon, president of the National Alliance for the Increase of French Population.

He declares, in a statement just made public, that the Ethiopian, Malayan and Monogolian people are steadily increasing their numbers while the families of European countries and North America are tending to be smaller.

The only countries in Europe of which the birth rate does not show a decided decline as compared with previous years, are Italy and Russia, it is claimed by Dr. Dibon, who also asserts that the increasing population of the United States is due to immigration rather than to larger families. He adds that the efforts being made against infant mortality and disease of older people as well tend to hide the gravity of depopulation among the white race.

Quoting figures to substantiate his claims, Dr. Dibon gives the statistics for the number of births in leading European countries for two different years. They are as follows:

	1900	1927
France	879,000	742,000
Germany	1,996,000	1,160,000
Gt. Brit'in	1,064,000	752,000
Italy	1,067,000	1,076,000
Sweden	138,000	102,000

To the above index of declining birth rates, with the exception of Italy, can be added Belgium, Norway, Denmark, Switzerland and other countries, he asserts.

In conclusion, Dr. Dibon makes an appeal to the French people to meet the problem, which he emphasizes is partly economic, by increasing their means of livelihood so as to be better able to raise large families.

MOTHER

Evening, and the blood-red sun
Goes down in the western breeze,
Evening, and my thoughts go back,
To home, and my memories.

To the one who has always been faithful,
And loving, tender and kind,
The only one in the world who'd have
Put up with this life of mine.

To the one who believed I'd succeed
But loved me still when I'd failed,
The one who was always awatching,
The one who kept God on my trail.

When now, as a man with man's troubles,
I'm loaded up heavy with care,
I close my eyes for a moment,
And I feel you caressing my hair.

And across the distance of years,
I lean and weep on your breast,
Just as a child I used to,
In my feelings of bitterness.

And just as a child, you still soothe me,
And smoothe out the troubles and cares,
Just as a child I feel your comforting spirit,
Like an angel unawares.

Though time and space may divide us,
Though adventure may carry me far,
Across to me comes your picture,
As clear as the evening star.

Evening, and the sun goes down,
And leaves me lonesome and lone,
Evening, and my thoughts steal back,
To you, Mother, Dear, and Home.

T. Errington Winborn,
New Orleans, La.

MISSISSIPPI BREVITIES

MOORE HORSE

A train whistle blew near Seminary in 1926. On the highway nearby Farmer A. R. Moore's horse shied and fled. Behind the horse were Farmer Moore and his wagon. Last week Moore said the engineer did it on purpose, that he leaned out of his cab and laughed. No damage dollars were awarded.

HATED TO LEAVE

"I hate to go, but I understand that my neck is going to be broken, and this is the best way out of it"—so read a note left in Port Gibson's jail by George Jones. Held for killing a man, Jones decided he'd leave, did, has not been found.

BRIGHT BOYS

Columbus high school boys decided to get funny. Anxious to shine, they daubed each other's faces with nitrate of silver from the school's chemistry lab. Their fun over they started to wash off the silver, couldn't. It is still there, will stay until it wears off.

WIVES OF LOVELACE

One wife too many is causing Lovelace Martin a lot of embarrassment down on the Coast. Wife Number 1 wants to turn him loose. Wife Number 2 is sore because Wife Number 1 "stirred up this mess". So far Lovelace, his wives and Judge Murphy have been unable to agree.

POPPER

Jack Giles, Prentiss, popped his long ox whip out over the backs of his yoke. Back from their backs it rebounded banged him in the eye, put it out.

NOBLE SWAIN

Gipsy Smith is the South's best promoter of revivals, W. I. Swain its best promoter of negro minstrel shows. Both perform under tents. Recently when winds ripped open the roof of Smith's tent at Jackson, Showman Swain summoned his best tentmaker, dispatched him by airplane to make repairs.

OLD AUNT JOE

Young negro men of Macon will no more get fresh with "Aunt Joe" Hayden. Seventy-three and uncertain of sight, "Aunt Joe" is nevertheless a sure shot. Last week she took a crack at rough-house-raiser Cleveland Manning, scored a bulls-eye.

BEAT TORNADO

From the Lee Payne plantation near Benoit sped Mr. and Mrs. A. S. Tooms. Two minutes behind their tail light twisted a tornado. Racing for their lives, they drove out of its path a few seconds before it demolished Payne plantation buildings, killed 3 men, injured 23.

BUTTER FUSS

H. H. Sanford, manager of an A. & P. store on the Coast, thought Mrs. Allie Matthews of Biloxi had stolen a pound of butter and concealed it on her person. He investigated. She sued for $10,000, was last week awarded $1.

FISHY DEATHS

Game Warden "Dusty" Bullock of Coahoma county last week paddled a skiff out on Moon Lake. picked from the water four dead gray bass, packed them in ice shipped them to Washington. The big idea: to determine the cause of unprecedented fish deaths in popular Moon Lake.

MOTHER'S DAY GIFTS FOR THE OLD LADIES' HOME

May 12th will be Mother's Day. According to its custom for years, the Board of Managers of the Old Ladies' Home has in a way appropriated the day as the most fitting in the whole year to ask for the offerings at all the churches in the State.

Of course one thinks most lovingly of his own mother on this day, and the wish comes to his heart to assure her of his love, but one should think as well of the whole company of mothers whose children are gone, and who are the victims of a strange and sinister fortune; who find themselves on this glad day when other happy mothers are being acclaimed, bereft and silent under "sorrow's crown of sorrows" remembering happy things.

There are nearly one hundred of this group in Jackson at the Old Ladies' Home, waiting for the signal to go, dependent for the very bread they eat upon us who still have life and love and home.

Wouldn't you like to wear your flower this Mother's Day with a heart doubly light and grateful? Then in appreciation of your own good mother will you not send a gift to help a loveless, homeless, tired and sad old lady to find a thrill for even her poor heart on Mother's Day?

Mrs. C. A. Fransioli, 800 North President St., will receive and receipt for all donations.

Mrs. W. G. Raines, Pres.,
Mrs. B. C. Simrall, Publicity Sec.
Old Ladies' Home.

A BRIEF DESCRIPTION OF A SHORT LIFE

Here is a man who was born in an obscure village, the child of a Peasant woman. He grew up in another obscure village. He worked in a carpenter shop until he was thirty, and then for three years He was an itinerant preacher. He never wrote a book. He never held an office. He never owned a home. He never had a family. He never went to college. He never traveled two hundred miles from the place where He was born. He never did one of the things that usually accompany greatness. He had no credentials but Himself. He had nothing to do with this world except the power of His divine manhood. While still a young man, the tide of popular opinion turned against Him. His friends ran away. One of them denied Him. He was turned over to His enemies. He went through the mockery of a trial. He was nailed upon a cross between two thieves. His executioners gambled for the only piece of property He had on earth while He was dying—and that was His coat. When He was dead He was taken down and laid in a borrowed grave through the pity of a friend.

Nineteen wide centuries have come and gone and today He is the centerpiece of the human race and the Leader of the column of progress.

I am far within the mark when I say that all the armies that ever marched, and all the navies that ever were built, and all the parliaments that ever sat, and all the kings that ever reigned, put together, have not affected the life of man upon this earth as powerfully as has that One solitary life.

GRENADA, MISS.

When Better Automobiles Are Built . . . Buick Will Build Them

Your MODEL T FORD is still a good car

THE Model T Ford led the motor industry for twenty years because of its sturdy worth, reliability and economy. Those same reasons continue to make it a good car.

As a matter of fact, nearly one-fourth of all the automobiles in use today are Model T Fords. Millions of them can be driven two, three and even five more years with reasonable care and proper replacements. Figures show that the average life is seven years.

Don't sacrifice your Model T, therefore, but take it to the Ford dealer and have him estimate on the cost of putting it in A1 shape. A very small expenditure may be the means of giving you thousands of miles of additional service.

For a labor charge of $20 to $25 you can have your motor and transmission completely overhauled. This price includes new bearings, reboring cylinders and any other work necessary. Parts are extra.

Valves can be ground and carbon removed for $3 to $4. The cost of tightening all main bearings is only $6. The labor charge for overhauling the front axle is $4.50 to $5—rear axle assembly, $5.75 to $7.

New universal joint will be installed for a labor charge of $3. Brake shoes relined for $1.50. Rear spring and perches rebushed for $1.75. The cost of overhauling the starting motor is $3. A labor charge of approximately $2.50 covers the overhauling of the generator.

It will pay you, therefore, to see your Ford dealer and have him put your Model T in good running order. By doing so you will protect and maintain the investment you have in your car and get months and years of reliable transportation at a very low cost per mile.

FORD MOTOR COMPANY

So Nourishing and Strengthening—So easy to serve!

SHREDDED WHEAT

With all the bran of the whole wheat 12 full-size biscuits

Crisp, crunchy shreds of baked whole wheat with milk or fruits—all the life-giving vitamins, all the mineral salts in a digestible form—puts you on your toes for the day's work.

Save the paper inserts in each package.

And Yet---

"There was a man of Newington,
And he was wond'rous wise.
He jumped into a quickset hedge,
And scratched out both his eyes.
And when he saw his eyes were out,
With all his might and main,
He jumped into another hedge,
And scratched 'em in again."

While this jingle from the Mother Goose series has delighted the mind of many a child, it, of course, seems ridiculous in the light of our more mature years.

And yet—

It is probably not hard for you to recall some business concerns who, having nearly lost their eyes looking for a cheap printer, have with all their might and main started looking for yet another cheap printer.

But you who realize that the outgrowth of sane business methods is as much dependent on Good Printing as it is on good legal advice and good financing will of course appreciate the sort of printing we do.
